**Subject:** Remedial Design Comments  
**Attachments:** OU1 95% RD Comments.pdf; Appendix I Comments to 95% RD\_LCP\_OU1.docx; All Comments to 95% RD\_LCP\_OU1 (excluding Appendix I).docx; Enclosure 1 - All Comments to 95% RD\_LCP\_OU1 (excluding Appendix I).pdf; Enclosure 2 - Appendix I Comments to 95% RD\_LCP\_OU1.pdf

Good Morning Prashant,

Please find attached a cover letter and comments on the 95% Remedial Design for Operable Unit 1 (Marsh) at the LCP Chemicals Georgia Superfund Site. Comments were received from 10 different stakeholders. I tried to combine comments that were similar, but some may be repetitive. I have separated the Appendix I Long-Term Monitoring Plan comments from the other comments, because I would like for us to have time to discuss the plan further while allowing Honeywell to finalize other portions of the RD so construction contracting can continue to progress, if possible. The Word versions of comments are attached to aid in your preparation of your response to comments.

Once you have a chance to review the comments I would be happy to discuss any schedule concerns you may have.

V/r,  
Pam
